

## Convenience and Mixed Business Association Inc. (Founded 1913)

### Member Services

- ◆ Pre-purchase counselling
- ◆ Business advice and training
- ◆ Finance
- ◆ Insurance and Superannuation
- ◆ Accounting advice
- ◆ The "Australian Food Shop" magazine
- ◆ Wage advisory service
- ◆ Legal advice
- ◆ Public Liability Scheme

### General Advice

At some time or another you must have wished that there was somebody or somewhere you could ring or write to for advice on business problems such as staff, wages, prices, trading hours, leases, health regulations and many other items. Well, our skilled professional staff are always available to help you with any problems you might have.

### Insurance and Superannuation

Being a member of the Association can save you money on all types of insurance, and ensures that policies are relevant to your business. You can participate in Superannuation funds for yourself and have access to funds for compulsory employee payments. Plus you can take out accident or life insurance arranged by the Association.

### Sales Promotions

Members who join the "Local Food Shop" Banner Group enjoy discounted prices from a large number of suppliers.

### Public Liability Insurance

Public Liability Insurance is essential in food shops and is a service which every member should take advantage of. The Association's scheme offers very comprehensive public liability cover at substantially reduced costs.

### The "Australian Food Shop" Magazine

Members receive a free copy bi-monthly. This magazine is full of information designed to help retailers with merchandising, employment matters, laws, market trends and many other factors which will assist in the proficient operation of your business.

Specialised advice is available on any aspect of starting, purchasing, running or selling a food shop, and in particular with tenancy problems (leases and options), taxation, shop layout, merchandising equipment, stock control, staff, purchasing and customer relations.

### Employment Advice

There is a special service to assist members with employment related questions. The implementation of wage awards can be very complicated, and few retailers have the specialised knowledge to ensure compliance with industrial law. The Association is particularly conversant with these matters.

### Legal, Accounting and Tax Advice

Free preliminary advice is available from the Association's solicitors and accountants on any related problems.

Members seeking regular accounting or taxation advice should first contact the Association.

### Representation

We keep in touch with government ministers, departments and agencies, other trade and manufacturing associations involved with our businesses to represent YOUR interests in these areas. We liaise with suppliers on products, equipment and service to further the interests of our members.

- Registered Industrial Organisation of Employers
- Member of National Independent Retailers Association Inc. (NIRA)
- Member of Council of Small Business Organisations of Australia (COSBOA)

### Information Kit

A comprehensive information folder is supplied on joining which includes, staff employment information, shop signs and details of other services.

**...The Association watches and protects the interests of the small food retailer.**

**Only a large membership makes a strong Association.**
